1. The first part of the report
describes the general situation
of the country and the
state of the economy.
It also mentions the
main problems which
the government is facing.

2. The second part of the report
deals with the results of the
survey conducted in the
different regions of the country.
It shows that there are
significant differences
between the various areas.

3. The third part of the report
contains the conclusions
drawn from the survey.
It states that the
government should
take certain measures
to improve the situation.

4. The fourth part of the report
presents the recommendations
of the committee.
It suggests that the
government should
implement the measures
mentioned in the previous
part of the report.

5. The fifth part of the report
contains the annexes
which provide further
details on the survey.
These include the
questionnaire used
and the list of the
interviewees.

6. The sixth part of the report
contains the conclusions
drawn from the survey.
It states that the
government should
take certain measures
to improve the situation.

7. The seventh part of the report
presents the recommendations
of the committee.
It suggests that the
government should
implement the measures
mentioned in the previous
part of the report.

8. The eighth part of the report
contains the annexes
which provide further
details on the survey.
These include the
questionnaire used
and the list of the
interviewees.

9. The ninth part of the report
contains the conclusions
drawn from the survey.
It states that the
government should
take certain measures
to improve the situation.
